MDA is thrilled to announce the 2022 MDA Clinical & Scientific Conference being held March 13-16, 2022 in Nashville, TN. After 2 years of uncertainty around the world, we are excited to convene our professional community in two ways! For the first time MDA will offer both a full in-person as well as a virtual conference experience in 2022. While we are anxious to get back to “normal” we recognize that traveling as we have in the past may not be a possibility for all right now and we will offer all our first-in-class content via live-stream in a fully virtual environment as well as together, face-to-face at the Gaylord Opryland Resort and Convention Center in Nashville in March.

Join us as we come together once again to drive transformation at the neuromuscular disease (NMD) community’s premier professional event, the upcoming 2022 MDA Clinical & Scientific Conference. The conference, the largest of its kind, highlights unprecedented research advancements and clinical achievements in NMDs. For exhibitors and sponsors, it offers unique opportunities for unparalleled engagement with world leaders and ground-breaking innovators in NMDs in both an in-person and virtual environment. This must-not-miss opportunity will showcase your products and services, help you build strong relationships with key influencers and stakeholders, and demonstrate your commitment to MDA and therapeutic progress.

The 2022 Conference will explore all aspects of pre-clinical, translational, and clinical research and care across NMD to support the development of better care and treatments for our community. MDA is excited to work with our planning committee, session chairs and speakers to deliver unparalleled content.

Be with us as we recognize more than seven decades of commitment to NMD research and clinical development. Help us realize our vision of transforming care through innovation. Don’t miss out on what will be not only the defining event in NMD this year but also one of your biggest opportunities to stand with MDA and stand out in your field.

Sincerely,

PATIENT ADVOCACY & NONPROFIT ORGANIZATIONS
To promote greater representation of the NMD community in our 2022 MDA Clinical & Scientific Conference, we are encouraging more patient advocate participation. Patient Advocates are individuals whom either work or volunteer for national or international not-for-profit patient advocacy organizations that:

- Demonstrate a charitable mission
- Engage in patient advocacy activities
- Provide programs, services, information, and/or support for people living with NMD
- Have a non-professional membership

Patient Advocates will receive a reduced registration fee and will have access to all sessions.

We are also committed to greater community representation in our content and will plan for additional patient advocate speakers and panel members throughout the conference sessions.

PATIENT ADVOCACY PAVILION
MDA’s annual professional conference is an opportunity for nonprofit and patient advocacy organizations in the NMD space to convene and collaborate. Virtual and in-person tabletop exhibit booth space will be made available at no cost to the patient advocacy/nonprofit entities that apply to be exhibitors. Space will be made available on a first-come, first-served basis and will be open until all such space has been assigned. All materials to be shared or provided at such exhibition booths must be educational and must follow the guidelines for any other exhibitor in the hall (no fundraising, direct sales, etc.). Because MDA is committed to ensuring that all resources of the patient advocacy community are deployed towards their respective missions of helping those we serve, we do not accept financial support or sponsorship for the conference from other nonprofit patient advocacy groups.

MDA INSIGHTS IN RESEARCH INVESTOR SUMMIT (IRIS)
MDA will be hosting the 2nd Annual MDA Insights in Research Investor Summit (IRIS) on Sunday, March 13 from 10am-5pm at the Gaylord Opryland Resort & Convention Center in Nashville, TN.

The purpose of this summit is to provide an opportunity for companies and inventors in the NMD space to showcase investment and licensing opportunities. Throughout the day, a select group of presenters, ranging from academic tech transfer offices to early-stage biotech and pharmaceutical companies, will have the opportunity to present in 10–20-minute sessions, inclusive of Q&A at the end of the presentation. Potential investors will have the opportunity to ask questions during the session and to contact presenters afterwards.

For more information regarding the IRIS please contact Elizabeth Habeeb-Louks at ehabeeblouks@mdausa.org.
Promotional and sponsorship opportunities are available to interested parties. All sponsorship and advertisement opportunities are designed to provide organization and brand promotion at a variety of levels and price points. This gives our exhibitors and sponsors the opportunity to showcase new products and services, as well as showcase details and demonstrations where applicable. All collateral must be submitted to MDA for approval prior to production.

Sponsorship contributions help support MDA’s mission through:
- Research efforts to accelerate development of treatments
- Expert clinical care through MDA’s nationwide Care Center Network
- Meaningful community programs and services

For more information on how to secure your conference sponsorship, please contact Pam Bittner at pbittner@mdausa.org.

Any promotion of products, services, and meetings that directly compete with those offered by MDA during the conference is strictly prohibited.

No sponsor, exhibitor, or attendee may sponsor an event that directly competes with the MDA conference agenda. This includes Industry Forum breakfasts and lunches, the keynote address, general sessions, and evening receptions.

Any participant interested in hosting an ancillary event outside of the blackout dates must complete an ancillary event application. Failure to comply with the policy will result in loss of privileges to host ancillary events.

Approved ancillary events include advisory board meetings, roundtables (moderated discussion on a pre-determined topic), and social/networking events. Ancillary events may not be a promotional event of any kind for any organization or corporation. Events are by invitation only.

Ancillary events must be requested in writing to Pam Bittner. Fees are $3,000 per event for up to 3 hours, if held within the Gaylord Nashville Resort & Convention Center.

Please contact Pam Bittner at pbittner@mdausa.org with questions regarding ancillary events.
